

Akash Maity

STUDENT

Halifax, NS | 902.412.0521 | akashmaitycad@gmail.com |

Objective

I am a third-year Bachelor of Computer Science student at Dalhousie University with experience in software development, Android apps, web development, and AI automation. Skilled in building full-stack applications, integrating APIs, and optimizing workflows. Passionate about leveraging technical expertise to deliver efficient and impactful solutions in software engineering or AI roles.

Projects

SPA (Student Personal Assistant) | AI-Powered Student Assistant using n8n

- Built an intelligent assistant to handle tasks such as emails, scheduling, health guidance, and budget tracking
- Integrated automation workflows using n8n for task management
- Enabled personalized student support through contextual recommendations
- Improved efficiency in academic and personal planning for users

QuickCash | Android Application

- Created a mobile app for posting short-term job ads with Google Maps integration
- Integrated PayPal API for secure in-app payments
- Designed a user-friendly interface for job posting and searching
- Streamlined local job connections by merging mapping and payments

Chat Application | Java (Client-Server Communication)

- Built a two-way client-server chat system in Java, enabling real-time text communication
- Created multi-threaded handling to allow sending and receiving of messages
- Strengthened understanding of networking fundamentals, concurrency, and exception handling in Java

PetMed | Medical Web Application

- Built a web platform featuring virtual cats for interactive learning on drug dosage regulation
- Designed intuitive UI/UX to simplify complex medical concepts for students
- Implemented logic to calculate and regulate correct dosages safely
- Enhanced learning outcomes by gamifying medical practice scenarios

Part-Time Jobs

CHKN CHOP | Kitchen Assistant

Mar 2025 – Present

- Assisted with food preparation and ensured timely, high-quality service
- Maintained kitchen cleanliness and adhered to strict food safety standards
- Collaborated with team members to ensure smooth kitchen operations

Public Outreach Fundraising | Professional Fundraiser

Mar 2025 – Mar 2025

- Conducted direct outreach to engage individuals and raise awareness for social causes
- Advocated for organizations to help achieve fundraising goals
- Promoted positive community impact through personalized engagement

Dalhousie University | Teaching Assistant

Jan 2024 – Apr 2024

- Assisted first- and second-year students in solving course-related questions
- Supported instructors with grading and class preparation
- Provided academic guidance to enhance student learning, facilitated discussions to reinforce course material

Education

Faith Academy | New Delhi, India 2022

High School Studies, secured 95.6%

Dalhousie University | Halifax, NS present - 2027
